THE

Winslow

Roll of Honour.

THE population of Winslow by the Census of 1911 was only 1698, and although it cannot be claimed that all the individuals mentioned in the following list were natives of the town or permanent residents, yet allowing for the few whose connection with it was only temporary, it gives no less than 12 per cent. of the population serving at home or abroad, - whilst those who have given up their lives for their country amount to nearly another 1 per cent.

England expects "that every man this day will do his duty," and Winslow will not be behind its neighbours in upholding the reputation of the historic and patriotic County of Bucks.

August, 1916.
